**BUSINESS ITEMS**

- 1. Pointe Basse Apt. Ditch Agreement** - Mr. David Schwartz came before the Mayor and Board of Aldermen at the September 23, 2021 Board of Aldermen in reference to an erosion problem in the ditch alongside the building that he owns at 705 Ste. Genevieve Drive. He was asking that the City repair the ditch to prevent further erosion. He also referred to an agreement that the City had regarding the maintenance of the ditch with Pointe Basse Development Corporation. After this meeting, Mr. Schwartz brought in a copy of the agreement and City Staff found a signed copy of the agreement. The City had in the past placed rip rap in the ditch that the property owner had paid for. Happy asked the Board to review the section of the agreement that states that the property owner is to maintain the sidewalls of the ditch and shall be stabilized by the owners as necessary. The City will place and maintain adequate rip-rap at the outfall of storm sewer pipes to prevent erosion. After some discussion the Board agreed that they should not do any type of maintenance on the sides of the ditch but will continue to cut the grass and add rip rap at the storm sewer outfalls to prevent any further erosion.
- 2. Shuh Water Issue** - Happy reported that due to other commitments the owners of Shuh Plumbing could not make the work session but would like to reschedule for a future date.

**ADJOURNMENT.** With no further business Mayor Hassler adjourned the work session at 7::54 p.m.

Respectfully submitted by,

  
Pam Meyer
